A large part of this manuscript has been lost, but those parts that remain are reproduced with remarkable fidelity in the almost complete Havod 2 in the Cardiff Public Library, and this seems to be a faithful copy made before the Llanstephan manuscript became imperfect.

## In memory to the fallen of the University

A famous synod was held here in the 6th century with the view of suppressing the Pelagian heresy. In fact, we have all its principal elements, so that the gaps can easily be filled up, owing to the systematical nature of this sublime system; consequently, we have this noble and ancient institution, possessing the ffolden key that can unlock and reveal the mysteries of nations and long past ages, and bring to light and perfect satisfaction that it was from the bardism of Oorsedd yBeiradj in the Isle of Britain, or, as more anciently called, Ynys TFim, sprang forth the sacred and mystical bardism of the whole world! Hysbyswyd fi fod lle'r allor yn fyrrach unwaith, a fod lle i un set rhwng yr allor a'r mur. Yr oedd llwybr Elis Wyn rhwng ei gartref a'i eglwys, rhwng Glasynys a Llanfair.

With respect to Iolo's statement that the Gwenhwyseg differs greatly from the Biblical style, the same may be predicated of the Dyvedeg, and also of any other dialect in Wales. Mae'r gwaith o gyhoeddi rhifyn 500 Llafar Bro wedi golygu llawer iawn o chwys a llafur cariad, gwirfoddol, ac mae o wedi dangos eto mor arbennig ydi ysbryd cymunedol Bro Ffestiniog! Wyt eto, delyn Cymru, Yn fy llaw; Ond ieuanc nerth i'th ganu, Byth ni ddaw. .
