3 Card Solitaire

With individual liability leasing, always connected utilities, fully furnished apartments, and roommate matching available your college life just got less stressful! Klondike Solitaire is the most popular card game around. Each Undo counts as a new move though, so if you're trying to win the game in as few moves as possible you should be careful about how many undos you use. You can also double-click cards instead of dragging them to a foundation.

Card Game Solitaire

Any time you expose a face-down card in a tableau column, that card is automatically turned face-up for you. World of Solitaire has over 100 solitaire games, including Spider, Klondike, FreeCell and Pyramid.

Spider Solitaire (2 Suits)

The cards in each foundation slot must be of the same suit and in ascending order Ace to King. For example, you could move a red 6 onto a black 7. Escape a mundane task with a quick win that will rejuvenate your spirit! You can move the top card of the Waste onto one of the Tableau piles.
