In the eyes of the , Henry had never officially divorced Catherine, making Elizabeth illegitimate. While not prepared openly to defy his uncle, the King of Spain, Parma appears to have decided to give minimal co-operation.

Do some Irish names come from Spanish Armada survivors?

When the boy was about to turn back, he told me to continue travelling straight towards some mountains that appeared to be about six leagues off, behind which there were good lands belonging to an important savage very friendly to the King of Spain; O'Rourke and that he gave shelter to, and

treated well, all the Spaniards who went to him, and that he had in his village more than eighty of those from the ships who reached there naked. The English made a vain effort to intercept the Armada in the. Parma knew from information coming across the Channel that the English authorities were mobilising up to 200,000 troops across the country to repel the invasion.

: the Black Irish Myth : :

Charles Howard, 1st Earl of Nottingham Given the Spanish advantage in close-quarter fighting, the English ships used their superior speed and manoeuvrability to keep beyond grappling range and bombarded the Spanish ships from a distance with cannon fire. King James of Scotland, in spite of being the son of the executed Mary Queen of Scots, was committed to supporting Queen Elizabeth.
