Collection of Books on Chinese Bronzes

With vessels ranging from pocket-sized wine containers to 50 pound trough-like food holders, this creates a cohesion among the Bronze Age pieces that Wilson says may not have existed otherwise.

Chinese metalwork reading list

When that proved to be impossible within the compressed production schedule, those objects were not addressed in the general text or the section introductions.

Chinese Bronze Bells

Ancient Chinese mirrors were generally bronze disks polished on the face and decorated on the back, with a central loop handle or pierced boss to hold a tassel.
