Employment Opportunities

For age, belief, sex, race, gender reassignment and sexuality there is generally no positive obligation to promote equality, and positive discrimination is generally circumscribed by the principle that merit must be regarded as the most important characteristic of a person. The and WRES data reports showed a trend of continued improvement in a number of areas, but there is still much work to do in some trusts, sectors and parts of the NHS. In addition, he led a process of extensive stakeholder engagement with BAME communities and a rapid literature review.

Employment Opportunities

However following the , a new Article 13 promised Community action to remedy inequalities generally.
