Possibly their work and reputation in making converts may have had some influence on the choice of the Order, which, moreover, was governed by the Augustinian rule, adopted with additions by their founder in 1215, and so far brought the community under the traditions of their predecessors.

St Bartholomew the Great

Before the Reformation, this stunning interior was brightly painted — when the church was restored in the 19th Century evidence was found that the stonework was once painted in bands of red, black and yellow. And yet he was not content with this, but haunted the King's palace, and among the noiseless press of that tumultuous Court enforced himself with jollity and carnal suavity, by the which he might draw to him the hearts of many a one.

Medieval London : Brief history of St Bartholomew

Stephen's, for the sake of the carving, attributed to the famous Grinling Gibbons. The whole has been admirably carried through by Sir Aston Webb, R. In 2005 a memorial service was held for , on the 700th anniversary of the Scottish hero's , organised by the historian.

The Priory Church of St. Bartholomew

The books are plentifully illustrated, and are thus made attractive as well as instructive. As we thread our way through this network round the east end and south side, to reach the entrance once more, we get an occasional glimpse of the choir and Lady Chapel through a gap in the surrounding buildings; but are far more impressed with the sense of poverty and ruin than by anything in the way of architecture, which can be much better seen

and described from within. Bartholomew's Church in London, sometime belonging to the Priory of the same in West Smithfield.

The Project Gutenberg eBook of The Priory Church of St. Bartholomew

The open pens at Smithfield have been superseded by covered buildings, to which the old Newgate Market has been removed, and considerably developed, for the sale of meat, the slaughtering for the most part being done locally in the various places whence the supplies are derived. Another encroachment was a fringe manufactory, which extended westwards along the triforium so as to include Prior Bolton's window, and held its ground for some time after the main arcading of the apse had been restored. The nave arches, at each end of the passage thus formed, are semicircular in shape, with a zigzag moulding on the inner sides, and rest on massive rounded piers, with square bases and abaci and simple cushioned capitals—the whole obviously of early twelfth century date.
