Switzerland Forum, Travel Discussion for Switzerland

Major Attractions: Boating, views of Monte San Salvatore, true summer resort vibes, three UNESCO World Heritage Sites, Lake Maggiore, Locarno Suggested Read: 13. The anthroposophical institutions in Germany were banned during Nazi rule and several anthroposophists sent to concentration camps.

Science in Switzerland: Switzerland is renowned for its scientific innovation

Each human being has the task to find a balance between these opposing influences, and each is helped in this task by the mediation of the Representative of Humanity, also known as the Christ being, a spiritual entity who stands between and harmonizes the two extremes. There is lots of useful information on how to get around Switzerland using its excellent train service, as well as by bus, automobile, or airplane. In the second phase, a more active condition, light, and a more condensed, gaseous state separate out from the heat.

Switzerland Travel Advisory

The journey by car takes just 20 minutes.

Things to do in Montreux and Vevey
