Tower of London

If the original book was published in multiple volumes then this reprint is of only one volume, not the whole set. There were several defining characteristics of this second wave of armour.

Mrs. Frank M. Wooten, Sr. Papers

As this reprint is from very old book, there could be some missing or flawed pages, but we always try to make the book as complete as possible. NO changes have been made to the original text.

Gale and Polden

Ephemera Collection

This series consists of an eclectic run of materials, ranging from philately to numismatics, to holiday cards and postcards, to memorabilia related to military matters, including some from World War II. Another defining characteristic of Elizabethan-era Greenwich armour is the extravagant use of colour in general to decorate the steel.
