## The Penrose Effect and its acceleration by the war on drugs: a crisis of untranslated neuroscience and untreated addiction and mental illness

At the time of Domesday Book, Gweek had no inhabitants whilst Helston was the largest settlement in the west of Cornwall, with 113 households. This reality, being quite general to many combinations of addictions and mental illness, likely reflects a fundamental design motif and vulnerability of the mammalian brain.

## Spencer Penrose

No architectural speaker in London has ever in living memory gathered such audiences. The house where he was born and lived in Helston is still standing and is indicated by a plaque above the door. One dynamic that may underpin the Penrose Effect is increased labeling and categorization of behaviors, resulting from untreated and unsheltered mental illness, as minor forms of criminal activity, which would lead to greater incarceration rates for mentally ill people.
