All Change Please!

As such, it is conceivable that certain fund structures, particularly those using asset holding subsidiary entities, include entities that are SSPEs for EMIR purposes, and which are therefore not classed as FCs.

It was an anxious wait for Jacqueline Minor and her staff at Europe House as the results of the European Elections trickled in.

All change, please

One consequence of this change is that non-EU AIFs are now more likely to be classed as non-EU equivalent FCs for the purposes of Article 4 1 iv of the Refit Regulation, on the basis that they would be FCs if they were established in the EU. Reduced scope for calculating NFC+s FC+s must clear all OTC derivatives that are subject to mandatory clearing. In practice, those NFCs close to the clearing thresholds typically declare themselves as NFC+s, implement clearing and margining arrangements and comply with the mandatory clearing and margining requirements as the practical reality is that it is difficult to identify to which transactions these requirements do or do not apply once the arrangements are in place.

Meanwhile this is also the moment to celebrate the dramatic rescue operation that was successfully completed over the last weekend in which hundreds of thousands of brave and dedicated British holiday makers were safely evacuated from the French coastline by means of a fleet of cross-channel ferries working round the clock, and through the use of our network of extensive secret underground Channel tunnels. For UCITS and AIFs, it is the management company and the AIF's AIFM respectively that is responsible for reporting the fund's transactions, and for the accuracy of the report.

There is also no indication as to whether any change will be made to the threshold for Phase five counterparties becoming subject to initial margin requirements from 1 September 2020.

All change please!

Do you lie awake for hours at night thinking that if only you had a higher qualification such as a PhD you would be a happier, more fulfilled person? In the current crisis, where venues are closed, the arts are not silent — producing new content, streaming old, bringing people together despite physical distance, and surely to be considered an important factor in maintaining mental health during shutdown.
