Ford Escort (Europe)

It also revamped the image of its 'leisure range' by introducing the Escort Sundowner panel van, positioning it as a youth-orientated lifestyle vehicle complete with bold body decorations and domed side windows, available in 1. The four-wheel brakes were cable and rod operated by pedal or by hand lever on the offside of the speed lever.

AUSTIN CAMBRIDGE SAOLOON, HALF

The History of Ford in Australia. Post-war production of the tourer was however undertaken in.

Austin 8

After the war the Austin 8 was manufactured in a slightly different way than the pre-war 8s. Unlike the first Escort which was developed by Ford of Britain, the second generation was developed jointly between the UK and Ford of Germany.

My Austin A30 Brochures and workshop manual

Unlike Australia, the Escort and Cortina ranges sold well and often topped the car monthly sales lists. The improved iB5 version of the venerable BC-series transmission was also later introduced as a running change.

Austin A30 & A35 Workshop Repair Service Manual

In 1990, the XR3 gained body-colored skirts and wings. The van also re-appeared post-war with a slightly larger 1237-cc engine. The front suspension and steering gear were differently configured and the brakes were fitted with dual hydraulic circuits; also the wheels fitted on the Genk-built Escorts had wider rims.
