This example reflects a historical change in types of monarchies from absolute monarchies to constitutional monarchies. Selection by a smaller group can be a feature of party leadership transitions in more autocratic countries, where the existence of political parties may be severely constrained to only one legal political party, or only one competitive party. Some even make the argument that an , which is rule by a few citizens,

or a group of citizens, is a form of republic, since the government is subject to some of the wishes of some of the governed.

Types of Political Systems: Primitive, Traditional and Modern Systems

To be more specific, refers to political systems in which an individual or a group of individuals holds power, restricts or prohibits popular participation in governance, and represses dissent. In these types of democracies, people elect officials to represent them in legislative votes on matters affecting the population. It is also possible for countries with free elections to have only one party that holds power.
