The philosophy was expectedly dense in some areas, but the font is readable and the translations are pretty reliable I speak French fluently and thought the ones I could compare were well done.

Philosophic Classics: Twentieth

Designed to be accessible to today's readers, this anthology of readings in twentieth-century philosophical classics includes recent European and American philosophers and texts that are presently seen as classics or as emerging classics. I was given this as a gift from a Philosophy Professor of mine a while back. In some cases, as with , disagreements about order necessitate the creation of.
