Catalogus Codicum Astrologorum Graecorum — Wikipedia Republished // WIKI 2

These volumes are available below as PDF files: This project was finished in the early s, and although other scholars have continued to edit and publish additional critical editions of the texts in their original languages, the CCAG remains an important source for many Greek astrological texts. There he is called Serapion of Alexandria Σαραπίωνος Ἀλεξανδρέως. Here are a few notable entries:

Serapio of Alexandria

James Herschel Holden, American Federation of Astrologers, Tempe, AZ, 2009. Vettii Valentis Antiocheni Anthologiarum libri novem, ed.

Serapio of Alexandria

The CCAG edited, described, and excerpted from texts found in libraries throughout Europe, most edited and catalogued for the first time.

Translations and Critical Editions

This edition is available for download below thanks to Google Books.

J. Bidez, Catalogus codicum astrologorum graecorum

The standard critical edition of Manilius at this point is M. This volume of the CCAG is available for download through our website: Translations of Serapio Three translations of the Definitions have been published recently.
