## Crossing the border : an autobiography of an anti

That statement was made in writing in an article she knew was going to be widely discussed. And actually calls it horrendous and sad multiple times.

### Uri Davis

· Tova Herzl, Jerusalem Oprah Winfrey and I are fiftyish dieting women. Israelis have fallen in love with unilateral disengagement, not as a means to an end but an end in itself.

## Crossing the border : an autobiography of an anti

Otherwise, there is no explaining how he doesn't know that the Jews and Arabs have been fighting for the past 120 years, or that the past five years have witnessed particularly vicious bloodletting, with Palestinian suicide bombers devastating Israel's buses and coffee shops, and Israel retaliating - with praiseworthy discrimination, incidentally - against the killers and their dispatchers. ## **Zionist doesn't mean Jew : IsraelPalestine**

I didn't say they were. This is horribly false, and a dangerous narrative because it delegitimizes the Jewish connection to the land and the efforts to repatriate Jews to their historic homeland that existed long before the Nazis even came to power.
