Khét

Similar to a in chess, the Pharaoh pieces are comparatively weak, and so are often not moved unless under duress. Players try to position pieces in a fashion that allows the laser beam to reflect into the opponent's Pharaoh, thus winning the game; however, they must also try to protect their own Pharaoh from being struck by the laser beam at the same time.

Khet Lak Si

The base of the tower has four mirrors that bring the laser up to the top of the tower.
