Hepatitis Disease

The founder of the school there was Hugo Borgognoni of Lucca d. Ballantyne 259 Handbook of the Diseases of the Nose and Throat, by Eugene S. Epidemiological evolution of chronic hepatitis delta in Italy.

History of Medicine

According to his calculations, the drills employed must have penetrated the granite 500 times faster than the modern diamond-tipped drills. Even though Haller knew neither the central cause of the two phenomena, nor the correct structure of the tissues, it nevertheless stands to his eternal credit that he was the first to point out the facts and open up new roads for physiology.

Catalog Record: Observations on the diseases in long voyages...

. Nevertheless, the path which he had pointed out was further explored and anatomy enriched by new discoveries. In the course of time carbolic acid was replaced by other antiseptics, as salicylic acid, iodoform etc.

Hepatitis Disease

Agarwal S, Dasgupta R, Paul TV, Thomas N. He is supersensitive; a perfect barometer of restlessness.

History of Medicine

One of its oldest physicians was Alpuhans, later 1058-85 of Salerno. The last plttce mentioned is the bond of the Blyth River, where four reefs have been found.
