## Dornoch Mercat Cross, East Sutherland and Edderton, Highland

In general the first of these operations will act as a high-level evaluation for the second. If you propose, for example, to build a small extension, carry out alterations to a roof, install a satellite dish, form a parking space, stone clean or paint the exterior of any building within a conservation area you will probably need planning permission.

Vol 28 (2008): Early medieval settlement and ironworking in Dornoch, Sutherland excavations at The Meadows Business Park

To ensure that the character or appearance of the area is not undermined, alterations to existing buildings should normally utilise traditional materials. In 1924, something was done to return the cathedral to its ancient glory.

#### Historic Forfar: the archaeological implications of development

At least two phases of excavation will be required in this sector, the first defining the medieval occupation beneath the ploughsoil and the second examining the Early Historic phases. Tamworth is a city and the administrative centre of the North Western region of New South Wales, ed on the Peel River within the local government area of Tamworth Regional Council, it is the largest and most populated city in the North Western region, with a population of 42, in Junemaking it the second largest inland city in New South Wales.

#### The Prehistoric Development of Clothing: Archaeological Implications of a Thermal Model

Ksar Akil and the upper palaeolithic of the Levant. Cold stress in Canada: A human climatic classification.
