## All Our Yesterdays (Star Trek: The Original Series)

ATOZ: Ah, this is the atavachron. And guess what, this is a debut novel — and if the first one is this good, I am keeping my eyes on you, dear Cristin! Now we're going to start looking. On to the third and hopefully not last book in the series! SPOCK: Three hours, thirteen minutes.

# All Our Yesterdays by Cristin Terrill

There is a bit of discovery and romance, and even strain with tragedy and triumphs. This is a fascinating machine.

#### Our

Spock and Zarabeth leave him to sleep ZARABETH: Spock, who is this Jim? I love this book right away. On this point, watching Spock rebuff McCoy's digs and become the Alpha Male of their three-person universe is also intriguing: Spock's actions are technically logical, as he mistakenly thinks he and McCoy can no longer survive in the future, and McCoy is the one illogically clinging to the hopes of return. We will carry Doctor McCoy, and you must come with us.

#### Our

When the planet Sarpeidon is about to be destroyed, by its star Beta Niobe becoming a supernova, Kirk, Spock and McCoy beam down and find it evacuated except for its librarian, Mr. In the series, they remarked that normally the character does not have much emotion, so seeing the character deal with emotions provides a change of pace for the character's presentation. Under no circumstances send anyone else here without my orders.

They seem real and they question the things they need to do, they fear the possibility failure they can even accept it and they simply want to make things better for each of them. Thanks to that encouraged me to read the book.

On the other hand, if they are not prepared on a molecular level before time travel, they must return to the future before they die.

# All Our Yesterdays by Cristin Terrill

I plan to join my wife and family when the time comes. Meanwhile, something useful for a historian to do besides Lt.
