Hindi

The author's interest lies in accounting for the Hindi speakers competence i. This leads to the very common overuse by Hindi learners of the present continuous when in English the present simple is required: I am always playing golf on Sundays.

Language differences: English

This is especially important in the formation of meaning, particularly in heteronyms, words that have the same spelling, but have different pronunciations.

Language differences: English

Chapter 4 gives a detailed account of the initial, medial and final clusters of Hindi, and gives the if-then sequntial constraints necessary to account for these. English phonology also has the syllable as one of its element, a very important one as it is the unit of sound that makes up the word. Appropriate experimental procedures fordoing this can be found in such studies as Greenberg and Jenkins 1964, Zimmer 1969, J.

ASPECTS OF HINDI PHONOLOGY

A worksheet can provide graphic images of words and actions which can help the student understand the meaning of the word and help them pronounce the word as they spell it out on the worksheet. This study is a mixture of two types of evidence.

Hindustani phonology

As in French, there are nasalized vowels in Hindi-Urdu.
