~ ThriftBooks: Read More, Spend Less.

Insanely Great: The Life and Times of Macintosh, the Computer that Changed Everything by Steven Levy

That perception, and how it came about, is the subject of this generally fascinating book by a longtime computer reporter who, incidentally, started his professional life as a technophobe. Very much recommend reading this book. He lives in New York City with his wife and son.

Insanely Great: The Life and Times of Macintosh, the Computer that Changed Everything

It wasn't a serious machine; it looked like a toy. It's a history that doubles as a labor of love, because it has a biographical thread concerning Levy himself -- a man grudgingly seduced by computers.

Insanely Great : The Life and Times of Macintosh, the Computer That Changed Everything by Steven Levy (1995, Trade Paperback) for sale online

Mac was still developing its own, with the help of Microsoft. It invaded not only people's offices and homes, but their minds as well.
