While most publications are sticking to flat design, Esquire embraces a dynamic, lively aesthetic. Have you ever wondered what it feels like to be on the cover of a magazine? With the text set to smaller size you can increase the amount of text, allowing you to write up a slightly longer summary of these articles. You can also extend the visual messages by selecting a special magazine back cover design.

How to create balanced page layouts

All page layout designs, including the ones of mobile apps and modern printed brochures have the same objective — to deliver your message in an effective and clear way.
